

International Refugee Day June 20th 2017

On June 20th Mill Lane stopped its normal lessons to take part in International Refugee Day.

Classes took part in 3 assemblies. These were to introduce why we were marking this day and to think about why our school should become a school of sanctuary. We also shared the work completed during the day and created a beautiful display - please take the time to look when you are next in school.

KS2 children had a very poignant assembly when 3 refugees visited our Friday afternoon assembly to discuss their experiences of being an asylum seeker, why they had to leave their country, the journey they undertook and how their lives are different now they live in Stockton.
